FOR MYSORE STATE

G.O. NO. 177

Dated 8.3.50.

[Despatch Abstract.]

Harijan Welfare Department - Education - Lumpsum Boarding grants to newly started Hostels - Orders passed.

Copy of letter No.D-1.7684/49 dated 25th November 1949 from the Honorary Director of Harijan Welfare, Egmore, Madras to the Secretary to Government, Firka Development Department, Madras.

Sub:- Harijan Welfare Department - Lump-sum boarding grants - Newly started Hostels - Recommendations.

***

In submitting proposals for the recognition of new (private) Hostels started for pupils of eligible communities and for the award of lump sum boarding grants to them for the current year (1949-50) I have to state as follows:-

The number of private Hostels run for the benefit of the said classes of pupils has greatly increased during the last 2 years, notably in certain Districts, and more have been started this year. Proper and authoritative rules have not so far been laid down to govern the starting or the running of the Hostels of this sort. And this accounts for the unsatisfactory condition of many of them. It may be sadi, without fear of contradiction, that some of these Hostels have been started, and are run, more in the interests of the Managers thereof than for the benefit of the boarders.

The above question came up before the Harijan Welfare Committee. It appointed a Sub-Committee to draw up the necessary rules and regulations to govern both the starting and the conduct of subsidised Hostels. The Sub Committee accordingly drew up certain rules and regulations. They were considered by the Committee and are now before the Government. As the Government is spending a large sum of money by way of lump sum boarding grants, it is essential that a comprehensive and authoritative set of rules is laid down by it in the matter of the starting and running of private Hostels as early as possible.

4. Reports of new Hostels have been received from 21 Districts. These reports give no more information than the number of eligible boarders in the respective Hostels under the headings of "Harijans", "Converts" and "Other Eligible Communities." As other particulars, such as, about the need for urgency of the Hostel in the particular place, adequacy of the accommodation provided, the nature and efficiency of the management, etc., are not available, I have found it difficult to make up my mind as to which Hostels to recommend for recognition and grant and which not. It seems to me that a more

responsible and detailed inspection of, and enquiry into, these Hostels are necessary. The Government have agreed to give an additional High Grade Officer for this Department. When he is posted, I propose to ask him to take up that work

The Provincial Harijan Welfare Committee has advised that Girls' Hostels may be recognised for grant even for the year in which they are started, but Boys' Hostels may be recognized only after they had been conducted for a year or at least six months and established their bona fides. Accepting this advice, I am recommending all Girls' Hostels, though started in the current y or recongition and grant. As regards Boys' Hostels, I am recommending those which have been started for the specially under privileged eligble classes, Yenadis, Yerukulas, and Sugalis, for recognition and grant. The other Boys Hostels started this year are held over (for next year) except Sripullamraju Charities Trust Boarding Home, Jagannathapuram, Chittoor District, which has been specially recommended by the Collector.

There are a few combined Hostels for Boys and Girls among the lists submitted by the Collectors. As regards these Hostels, I am requesting the respective Collectors for specific reports as to the respective numbers of boys and girls therein. I ammaking a special refdrence tothe Collector in respect of Girls' Hostel started as Nuzvid, Krishna District, also. The question of grant f these Hostels will be considered after replies are received to these references.

Two statements are enclosed. State (A) is the list of Hostels now recommended by me for recognition and grant. Statement (B) contains the list of all the Hostels, in respect of which proposals have been received from the respective Collectors.

Sub:- Harijan Welfare Department - Lump sum Boarding Grants - Grants for the newly - started Hostels - Recommendation.

—

I enclose herein a list of new Hostels for which lum sum boarding grant is specially recommended for the current year.

On a reference by me, the said Hostels have been specially inspected and found fit to receive the subsidy. The reports of the Collectors make out that they are working satisfactorily and deserve the grant.

Provision has been made for the above grant in the Statement of Additional Allotment and surrenders alre ady submitted by me - 600 grants in all, involving a total sum of Rs.90,000.

I request that the Government may be pleased to sanction the said amount for disbursement, for the current year, urgently.

Abstract.

HARIJAN WELFARE DEPARTMENT - Education - Lump sum Boarding grants to Newly started Hostels - Orders passed.

Firka Development Department.

G.O.Ms. No.177. Dated the 8th March 1950.
Read the following:

From the Director of Harijan Welfare, No.D.1.7684/49 dated 25-11-1949.
From the Director of Harijan Welfare, No.D1. 7684/49 dated 20-2-1950.

***

O R D E R:

Sanction is accorded to the expenditure of a sum not exceeding Rs.89,100/- (Rs. eighty nine thousand and one hundred only) during the current year towards the payment of lumpsum boarding grants in respect of all the Harijan Hostels and Boarding Homes referred to in the Director's letter second cited with the exception of the Kasthuri Bai Harijan Girls' Hostel, Adoni, and Sri Kasthuri Matha Harijan Girls' Hostel, Gundugolunu (West Godavari District) and shown in the Appendix to this order. The Director is requested to disburse the boarding grants immediately to the various hostels and Boarding Homes according to the existing rules and orders.

2. The expenditure should be debited to "47. Miscellaneous Departments. a. Labour. II. Harijan Welfare Department. C. Communities eligible for help by the Harijan Welfare Department - Education - 8 - Grant-in-adi - Boarding Grants The Accountant General is requested toadmit the expenditure in audit pending provision of funds.

APPENDIX.

(Here enter the statement on pages as edited)

The proposal contained in this Department's note at pages 4-6 above relates to the grant of 594 additional boarding grants to certain new hostels mentioned on pp. 41-49 c.f. After examining the proposals of the Director, this Department recommended that six boarding grants for Sri Kasthuri Matha Harijan Girls' Hostel, Gundugolanu, may be disallowed, and 594 boarding grants for the other forty hostels, involving an expenditure of Rs.89,100/- may be sanctioned. Finance Department are of the view that the proposal in this case should be deferred as stated at 'K' on page 3 above, and considered as a Part II Scheme for 1951-52. That Department also points out that with reference to the instructions issued in the Memo at flag (E) prescribgin a minimum strength of ten boards belonging to the eligible communities, items 3, 4, 13, 17, 23, 35 and 39 in the list of pages 41-49 c.f. should be omitted. They also state that if this Department desire to press the proposal, it can be considered only as a scheme for introduction in the course of 1950-51, as otherwise, the proposal will be receiving undue preference over the part II Scheme for 1950-51 approved in flag (J), which has been accepted by the Cabinet, and provided for in the B.E. for 1950-51. They also pointxx out that the proposal has to go before the S.F.C. and the Cabinet if it is to be sanctioned during 1950-51, as the cost exceeds Rs.10,000/- per annum, recurring. In conclusion that Department states that the additional provision of Rs.90,000/- proposed by the D.H.W. for the current year may be omitted. The Director has pointed out that the hostels are working satisfactorily, and deserve the grant. Inthe circumstances, it is for consideration whether the proposals of the Director for the sanction of additional boarding grants for the hostels, barring items 3 and 35 will be pressed for in circulation. The cost involved in the proposal is Rs.89,100/-. As regards the other hostels, objected to by Finance, and recommended for boarding grants by this Department, attention is solicited to the notes on page 6 above. The proposals are of an extremely urgent nature. Finance have not agreed to the sanction of the proposals in the current year. The short circuit procedure approve, in Finance U.O.Note No.26978(A)-B.G.-4 dated 21-12-4' cannot therefore be resorted to and orders obtained in circulation without referring to S.F.C. and the Cabinet - Please see minutes of

of H.M.(Fin.) extracted at flag (W).

Orders have to be obtained in full circulation at 'A' above if the proposals are to be pressed. For orders whether the proposal of the D.H.W. for the expenditure of a sum of Rs.89,100/- towards 594 additional boarding grants to the new hostels in the current year will bepressed for in circulation.

The D.H.W. has asked for 600 boarding grants during the current year in respect of 40 institutions (excluding item 3, The Kasturi Bai Harijan Girls Hostel, Adoni, not recommended by the Collector and consequently not recommended by the Director also.) This Dept. after examining these cases have recommended 594 boarding grants only, item 35, Sri Kasturi Matha Harijan Girls' Hostel constiting of 6 boarders having been held to be inadmissible for grant. The grant required for these 594 boarding grants amounts to Rs.89,100/-, at the rate of Rs.15/- per month for 10 months a year for each boarder. Necessary additional provision for this purpose suggested by the Director was sent separately to Finance for necessary action.

Proposals for boarding grants have generally been treated as part II schemes and the Finance Dept. therefore suggest that the present proposal may be considered as part II scheme for 1951-52, since it is too late now to be considered even as Part II Scheme for 1950-51. The however, observe that if this Dept. press, the proposal may be considered as a Scheme for introduction in the course of 1950-51, and not during the current year by placing it before the Standing Finance Committee and the Cabinet.

TheDirector has asked for grants during the current year and there will be no point in considering the question as a Part II Scheme for 1951-52 which means that the hostels will get the grants only from April 1951. Even if it is considered as Scheme for introduction during 1950-51, the hostels will become eligible for grants from April 1950 only. The result even then will be that the hostels will get no grants during the current year. If the proposal of the Director for grants during the current year is to beimplemented, the proposal should be treated as a Scheme for introduction during the current year. The normal financial procedure for this is to place the proposal before

the standing Finance Committee and the Cabinet. In specially urgent cases, however, a short-circuit procedure has been prescribed according to which the proposal can be sanctioned after circulation to the Minister of the Department concerned, the H.M./(Fin.) and the H.C.M., the other Ministers being informed of the details of the case separatl but H.M./(Finance) has suggested that when Finance view is not accepte the convention should be that the short-circuit procedure should not be followed. In the present case, Finance have opposed the proposal and unless H.M./(Finance) agrees to a departure from the convention la by him, short-circuit procedure cannot be adopted.

The case of the Harijan hostels is peculiar. The accepted and avowed policy of the Union and, equally so of this State has been to eradicate root and branch 'Untouchability' and the most effective measure to achieve this object is to provide easy educational facilities. It is common knowledge that in their existing environment in their homes, the Harijans and other eligible communities, will not and cannot prosecute their studeis. The need for hostels have become more imperative in thecase of these communities than for other communities. There is, therefore, no gainsaying the fact that the state should endeavour to help the coming up of these hostels. In the present case, it is proposed to make subventions to 40 hostels during the current year; but Finance would recommend the grants to be given in the next year or in the year after. If no grant are given thisyear itself, the certainty will be that most of these hostels by most managements is the encouragement of grants from Government.

In the special circumstances explained above, this Dept. may press that the grants may bepaid from the current year itself, treating the scheme as one for introduction during the current year. As the time before the close of the year is short, the elaborate procedure of placing it before the Standing Finance Committee and the Cabinet is not feasible of adoption and the H.M./(Finance) may be requested to permit this case being dealt with under the short-circuit procedure as a special case against the convention.

As regards the provision proposed by this Department to meet the cost involved in his perposal, Finance have proposed that the additional provision suggested for the purpose during the current year may

be omitted. As this department are pressing for the grant during the current year itself, Finance may be requested by sending a copy of this note simultaneously to them not to omit the proposed provision pending the orders in circulation in the proposal.

The case may be circulated to H.M./(R.D.) and H.M./(Finance) and H.C.M., with reference to A above and for sanctioning the proposal to make grant from the current year itself for 594 boarders.
